CLIENT

Mr. Rizal

GENERAL NOTES

All representations are the property of GUSSDE Wastubali Architecture, and may not be reproduced without written permission.
The dimensions indicated in the drawing must be cross-checked with the actual dimensions on the site. Should the dimensions deviate, the contractor shall produce shop drawings to amalgamate GUSSDE Wastubali Architecture's design intention with the actual site dimension. No reproduction of GUSSDE Wastubali Architecture's drawing is allowed.
The contractor should cross-checked all dimensions of fittings with those in the OMS. Any contradiction should be raised immediately.

GENERAL NOTES

All representations are the property of GUSSDE Wastubali Architecture, and may not be reproduced without written permission.
The dimensions indicated in the drawing must be cross-checked with the actual dimensions on the site. Should the dimensions deviate, the contractor shall produce shop drawings to amalgamate GUSSDE Wastubali Architecture's design intention with the actual site dimension. No reproduction of GUSSDE Wastubali Architecture's drawing is allowed.
The contractor should cross-checked all dimensions of fittings with those in the OMS. Any contradiction should be raised immediately.

The dimensions indicated in the drawing must be cross-checked with the actual dimensions on the site. Should the dimensions deviate, the contractor shall produce shop drawings to amalgamate GUSSDE Wastubali Architecture's design intention with the actual site dimension. No reproduction of GUSSDE Wastubali Architecture's drawing is allowed.
The contractor should cross-checked all dimensions of fittings with those in the OMS. Any contradiction should be raised immediately.

GENERAL NOTES

All representations are the property of GUSSDE Wastubali Architecture, and may not be reproduced without written permission.
The dimensions indicated in the drawing must be cross-checked with the actual dimensions on the site. Should the dimensions deviate, the contractor shall produce shop drawings to amalgamate GUSSDE Wastubali Architecture's design intention with the actual site dimension. No reproduction of GUSSDE Wastubali Architecture's drawing is allowed.
The contractor should cross-checked all dimensions of fittings with those in the OMS. Any contradiction should be raised immediately.
